PRIMGHAR COMMUNITY SCHOOLS

Primghar, Iowa

A TRIBUTE

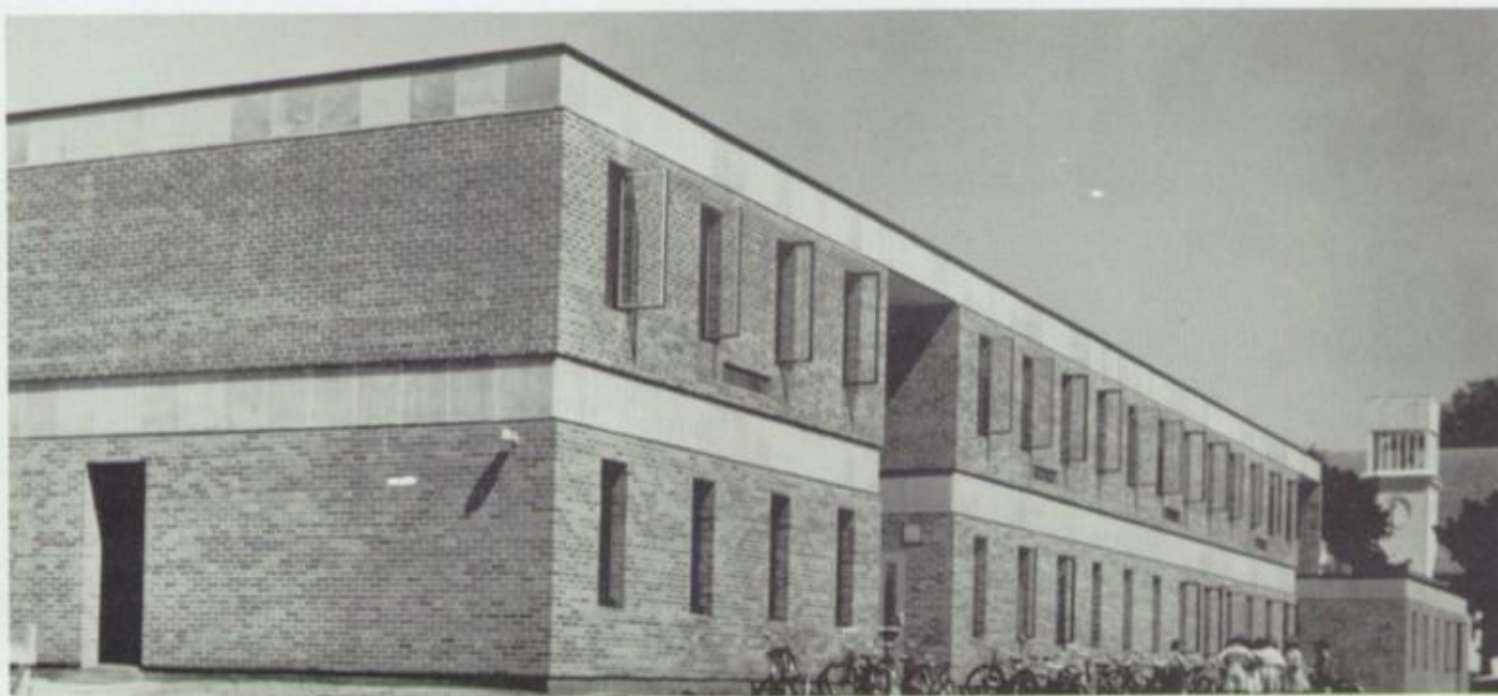

to the many people who rallied to the call during and following the fire that struck our school in the early morning hours of October 25, 1966. Through the full cooperation of the residents and business people of Primghar, only one day of school was missed.

The fire itself was contained within the center addition, which was under construction and nearly completed, and the superintendents office in the high school building. Smoke damage from the fire was spread throughout the high school and new elementary building. The total damage was nearly a quarter of a million dollars.

Several ladies of Primghar and surrounding area set to work cleaning the lunch room facilities and lunch was served the day following the fire. Temporary classrooms were set up in the various churches in the community including the Congregational, Methodist, Lutheran, American Reform, and Church of Christ. Other facilities used for the high school classes were the Court House, O'Brien County REC, Masonic Lodge Hall, American Legion Hall, and the basement of the home of Mr. and Mrs. Robert McCauley. These temporary quarters were utilized for varying lengths of time with the last classes moving back to the school building following Thanksgiving vacation.

During the month following the fire, the town square resembled a college campus with high school students and faculty moving from place to place with arms loaded with books.

A special thanks to the many individuals and groups who assisted in this crisis which will not be easily forgotten. Select pictures are found on page 4 of the yearbook.
